Scholars and thought leaders converge at Yale @ Climate Week NYC

Yale's first university-wide engagement with Climate Week NYC, held in New York Sept. 24 to 27, 2024, highlighted the breadth and depth of the university community's work to address the challenges of climate change and biodiversity loss. Read on below for key event stories, and [review a full digest of coverage](#).

Event spotlights

Highlighting international progress, scaling solutions

Despite challenging global events Secretary John Kerry '66, underscores humanity's potential to realize a sustainable future.

Showcasing Yale Climate Ventures

Nine startups from Yale's climate tech ecosystem pitch groundbreaking innovations to address the climate crisis.

Voices

"Yale Planetary Solutions can be a bridge between disciplines across our campus, a bridge between Yale and New Haven, a bridge between Yale and the world."—Maurie McInnis, President

"Yale is stepping out onto the climate change stage in a big way this week. I've been working for thirty years on the issue, and I'm very proud to see the university now seeing [showing] itself as an important thought leader on how we move the world to a

International experts tackle multilateralism and environmental governance

Carlos Alvarado Quesada, Maria Ivanova, and Philip Osano speak at the Macmillan Center's "Flipping the Model: Leveraging Academic Perspectives to Reinvent Multilateralism" panel discussion.

Yale Blue Green on the scene

Yale Blue Green, an alumni shared interest group, help Yale Planetary Solutions produce a packed week of programming at the massive annual climate event.
